Rationale

This is a course clean up.

Description

This course provides students with the opportunity to apply knowledge and skill sets learned in concurrent coursework. Students will perform activities in an employer-supervised industry setting that is consistent with program outcomes. Students will also utilize interpersonal communication skills within the context of applying knowledge and skill sets.

Pre-requisites

[CPTR1138](#)

Co-requisites

(None)

Competencies

- Assemble a plan to secure internship activities.
- Explain internship activities objectives.
- Demonstrate written and verbal interpersonal communications skills.
- Apply interning organization's rules and regulations.
- Demonstrate knowledge of computer hardware and software.
- Operate, as instructed, interning organization's computer equipment.
- Demonstrate troubleshooting and repair techniques.
- Demonstrate time management skills.
- Prepare a daily log of internship activities.
- Assess the overall benefit of the internship activities.
